INTERNSHIPS

CodSoft | February 2024 - March 2024

- Worked on various web development projects as part of the internship program. Built and optimized webpages using HTML, CSS, and JavaScript, focusing on clean design and functional layouts. Gained hands-on experience in developing interactive front-end features and strengthening problem-solving skills by working on real-world coding challenges.

Oasis Infobyte | February 2024 - March 2024

- Completed a 1-month AICTE OIB-SIP internship focused on Web Development and Designing. Gained practical experience in creating responsive websites, front-end design using HTML, CSS, and JavaScript, and implementing user-friendly interfaces. Enhanced knowledge of modern web design practices and improved coding efficiency through real-world tasks and assignments.

PROJECTS

Portfolio Builder Web Application | August 2025 - September 2025

- Developed a web-based application that allows users to create and customize their personal portfolios by selecting from predefined templates. The system enables users to input personal details, skills, projects, and achievements, which are automatically arranged into a professional portfolio layout. The portfolio can be previewed, downloaded, and shared via a unique link for easy access.

E-Student Attendance Management System | January 2025 - April 2025

- Developed an E-attendance management system using software tools to streamline attendance tracking and reporting for student or employees. Implemented user-friendly features for easy check-in/check-out and data management, enhancing efficiency and accuracy.
